## AUTOMATION PVT. LTD.

www.electropoint.in

### About us :-

- Electropoint Automation Pvt. Ltd. is an ISO 9001 : 2015 certified company. Electropoint is the quality focused Manufacturer, Supplier, Exporter & Service provider of Electrical & Automation panels. We offer complete turnkey solution to process industry from conceptualisation, Engineering, Supply & Commissioning of automation solution in key sectors like Industrial, Pharmaceuticals, OEM & end users.
- Electropoint is Successfully designed & Executed more than 1000 + projects in Dairy, Food processing, Juice, Pharmaceutical sectors, Water treatment Industries, Beverages, Brewery Industries etc. OEM as well as end users.

### Our Values :-

- Deliver Excellence in action
- Inspire our customers
- Take ownership
- Share knowledge
- Be details oriented
- Committed to quality & customer service
- Responsibility
- Growth
- Knowledge

### Company Facilities :-

- Eplan design software for panel Engg / drawing.
- Latest solid work & autocad for other documents.
- ERP System for procurement & production
- Equipped with best of manufacturing equipments.
- Panel certification & testing facilities for various standards as per customers requirements.

### Why us :-

For over two & half (25 years) decades, "**Electropoint Automation Pvt. Ltd.**" in house staff has Engineered, Designed, Programmed, Fabricated, Installed, Formally tested & Validated thousands of process automation panels & control system & along with satisfied customers.

Electropoint commitment is on-time delivery & the pursuit of customer satisfaction is without any compromise with quality.

### Company Info :-

- In business since 1995.
- Over 20 Employees.
- ISO Certified Company (ISO 9001 : 2015)
- Successfully completed thousands of projects.
- Single point responsibility (One - Stop - Shop).
- Unparalleled craftsmanship & quality assurance.
- Fully equipped & total safety acquired workshop.

### Vision :-

To be an Innovative solution provider to assist in growth of customer & employees by decisive behavior & delivering result

### Instrumentation :-

- 1) Engineering
  - Specification & selection as per the process requirement
- 2) Installation
  - Mounting, Wiring, Tubing
- 3) Testing
- 4) Calibration
  - Material Standard certification

### Electrical Control Panels

- Motor Control Panels
- APFC Panels
- PLC based Panels
- VFD Panels
- HT/LT Panels
- Remote input/output panels
- AC/DC drive panels
- Pneumatic control panels
- Power distribution boards
- Intelligent MCC
- Power control centers
- Process automation

### Fleeding

**Electropoint Automation Pvt. Ltd.** is CPRI approved electrical panel manufacturer, providing complete turn key solutions from designing to commissioning.
